STRUCTURA CONCEPT

'Architecture is always a concept of beauty. If it's not, it's not architecture'

Mihajlo Mitrovic

During its century long existence, the history of „Hotel Podrinje“ was blessed by visits from renown people of their time. King Peter I Karadjordjević, known as the favourite Serbian King among the people, used to arrive by train, reside at nearby Villa Koviljača, stride through the beautiful park and visit Hotel “Podrinje”. In memory of the Monarch, near the hotel building stands the SPA bath of King Peter. Nowadays, the park is protected as a natural whole and is in the process of becoming a Park of Nature and Heritage Park that would also include slopes of Mount Gučevo.

**“The exterior and interior design provides luxury while preserving
the touch of history”**

The renovated Hotel "Podrinje" welcoming its guests in 43 modern single and double rooms and magnificent apartments located at the first, second, third and attic floor of the building. The guest enjoying the indoor pool, summer garden for sunbathing, winter garden with TV lounge, presentation room, children's playroom, room for babies, restaurant and bar.

Spa gem is ideal for treatments in the Special Hospital Banja Koviljača, located only 200 meters away.
